## COAST CLIPPINGS.

Sharp shocks of earthquake were felt at several points in California Tuesday morning.

Another fine flowing well is reported from Tulare county, water being struck at a depth of 326 feet.

In a row at Grays Creek, Or., a man named Fox was stabbed to the heart by another named Lane.

Mary Dillon was found dead in her house near San Jose, June 27th, having been dead several days.

The bodies of the young people drowned in San Francisco bay last Sunday have not been recovered.

Julius Breithart attempted to kill himself, Tuesday, with a pistol, at San Juan South, but did not succeed.

Dr. J. P. Parker, a pioneer of southern Oregon, was accidentally killed a few days ago at Big Butte, Jackson county.

The attorneys for Carrie Bradley, recently convicted of manslaughter at Portland, Or., have been indicted for bribery.

The manufacture of gold half and quarter dollars in San Francisco is to be suppressed by order of the Treasury Department.

Three ordinances vetoed by Mayor Blake, Monday night, were passed on the 27th, by the San Francisco Board of Supervisors.

In an accident on the C. & O. R. R. on the 27th, 30 miles from Portland, nine freight cars were smashed by falling through a bridge.

W. H. Hitehook, Deputy Recorder and Auditor of Santa Clara county, died at Santa Clara, Monday, from an overdose of morphine.

The British steamer Altonow, which has been quarantined at San Francisco six weeks, has been released by the Board of Health.

**European Armies.**  
The armies of the six great Powers which may become embroiled by the disturbance in Egypt, and which they maintain on a peace footing, number in the aggregate 2,400,000. These immense forces may be doubled in case of necessity. The effective strength of the British army is 175,000, of which 50,000 are cavalrymen and 30,000 artillerymen. There are said to be just now 60,000 in Ireland, while 70,000, to 80,000 are abroad in India, South Africa and other places. The number available to crush Arabi Bey is, therefore, not large. The army which France maintains on a peace footing is 500,000, while her navy, in respect to heavily armed ships carrying immense guns, is more efficient than that of England. Germany has 425,000 men in her armies, prepared for any emergency, and kept ready to withstand the millions of bayonets which Bismarck says point with hostile intent toward the center of Europe. Russia has a standing army of 800,000 men, which can be increased to 2,800,000. The available forces which Italy can at once bring in the field number 285,000, while Turkey, though poor, bankrupt and crippled, has ready an army of 150,000 men. The navies of the great powers, in respect to strength, stand about in the following order: England, France, Italy, Russia, Turkey, Germany. Should there be a war involving all these immense forces, it would be the most terrible that Europe has ever seen.

**SAFE**  
KIDNEY & LIVER CURE

The Leading Scientists of To-day agree that most diseases are caused by disordered kidneys or liver. The discovery of Warner's Safe Kidney and Liver Cure marks an era in the treatment of these diseases. It is a POSITIVE remedy for all diseases that cause pain in the lower part of the body, for torpid liver, headache, jaundice, disordered bowels, fever, acute, malarial fever and all difficulties of the kidneys, liver, and urinary organs. It is an excellent and safe remedy for women during pregnancy. It will control menstruation, and is invaluable for leucorrhoea or falling of the womb. As a blood purifier it is unequalled, as it cures the organs that make the blood.

This remedy, which has done such wonders, is put up in the LARGEST SIZED BOTTLES of any medicine on the market, and is sold by druggists and dealers at \$1.25 per bottle. For diabetes, inquire for WARNER'S SAFE DIABETES CURE. It is a POSITIVE remedy.

## EDITORIAL NOTES.

The famous toast drunk at the meetings of Orange lodges runs as follows: "Here is to the immortal memory of the great, good and pious William, Prince of Orange, who delivered us from Pope, popery, brass money, wooden shoes and slavery. May he who will not drink this toast be rammed, jammed and crammed into the greatest gun of Athlone and fired over the hills of Tyne and made sparables of for Protestant shoes." But the great, good and pious William did not free the people of Great Britain and Ireland from brass money, whatever he may have accomplished respecting Pope, popery, wooden shoes and slavery. For the English Chancellor of the Exchequer in his last report states that the brass money coined at the mint last year—pennies, half-pennies and farthings—was to the amount of £17,400, and as this was not enough a private firm at Birmingham was employed to furnish £31,280 more. This amounted to fifty tons of brass money issued up to the end of last year and was valued at £1,498,018.

Harvest-field laborers are very scarce in the neighborhood of Modesto. One farmer fears that not enough hands can be secured to begin to harvest, and yet there are hundreds of idle tramps who complain that they cannot obtain employment because of "Chinese cheap labor." There is work enough of some kind for every man on the coast, and if strong, healthy men will not work, it is because they choose to be bummers and free-lunchers.

The Sacramento Bee gives General Stoneman's record as a soldier, and says: "He has no record but a military one, and we print all of it, so that the public may judge him fairly, for it is upon his record that he would stand or fall. Read it, and say whether so vast a fraud as a General or so great an 'imbecile' as Greeley has it, fit to be Governor of this great State."

The Californian for July is a prime number, replete with interesting matter by popular writers. Francis Victor Fuller continues her "Studies of California Missions," a most entertaining feature of the magazine. In fact, nearly everything it contains in its hundred pages is profitable reading.

Fifteen clergymen of Sacramento, in an open letter, tell the Germans they ought to make less noise on Sunday, if they mean to deal fairly by their pious neighbors.

A Prohibition Convention—Republican Candidates.

SAN FRANCISCO, June 28.  
On the 11th of July there will be held in this city a State Convention of the Prohibition Reform party. The object of the meeting is to nominate a temperance ticket.

Republicans are said to be losing confidence in the short campaign theory, and now desire a nominating convention before the date already fixed upon at Sacramento, August 15th. The Republican State Central Committee will probably consider the matter. Mayor Blake, ex-Chief Justice Rhodes, M. M. Etoe, John F. Smith, Congressman Page and C. N. Felton are mentioned as candidates for Governor on the Republican ticket. Henry Edgerton and Hon. J. J. McMillan are talked of as candidates on the Republican ticket for Congressmen at large.

The British steamer Cairnmar, from Hong Kong with Chinese passengers, is due here to-day. The British steamer Serapis is due from Hong Kong to-morrow.

## THE SHADOW OF DEATH.

Guiteau Will Make a Speech on the Gallows—Predictions that He Will Face His Doom Fearlessly.

WASHINGTON, June 28.

Guiteau has already prepared his gallows speech, which is of considerable length. The gentlemen to whom it has been submitted pronounce it an extraordinary production. It is of the same general character as the frothy declamations which the prisoner has made at various stages of his case. He expects to deliver it with good courage before the fatal moment, and is so anxious that it should be given accurately to the press that he has had copies made for the press agencies.

John Guiteau, speaking of the conduct of his brother on the gallows, said to-night: "He will go upon the gallows with all the courage of a hero and will deliver a speech as if all the world could hear it. He will not do a cowardly thing and will hold up manfully to the last."

A new complication in the case was created this afternoon by the unexpected arrival of Mrs. Scoville, who is reported by her husband, of Chicago, as lost. Mrs. Scoville stops at a remote and obscure boarding house, and for the first time the family admits to have taken pains to keep secret the fact of her presence in the city. Her whereabouts, however, has been discovered, and to a person who approached her, not in the capacity of an interviewer, she had only to tell the old story. She thinks it a great injustice that her brother should be hanged, and has brought with her a petition, signed, she says, by 500 persons, which she insists shall be presented to the President.

A large number of applications for admission to the execution have been received at the jail, many of them from a distance. There are thousands of people who imagine that Guiteau's execution will be a public one. The Marshal says none but those having business at the jail during the execution will be admitted.

A Mattice, of Cleveland, arrived last night with his patent scaffold, a machine of which he is proud on account of its elegant workmanship and fine appearance. The machine has already been used in the hanging of a man named Callahan, at Wooster, Ohio, last year. Mattice has for some time been writing to the jail and local authorities here urging them to use his machine as he desires to present it afterwards to the Western Reserve Historical Society at Cleveland. He saw Marshal Henry and Warden Crocker to-day, who told him it would be utterly impossible to secure the use of his gallows, as the jail authorities had already prepared a very fine gallows for the ceremony.

## ALL GOING TO HELL.

Although the behavior of Guiteau for three or four days past has been quiet and composed, it has been marked by outbursts of the same fierce spirit which possessed him during his trial to denounce by turns everybody who took any part therein. On Monday night he seemed for a short time to be moved by a feeling of unusually violent hatred for all who have been concerned in his trial or were to be instrumental in carrying his sentence into effect. "Arthur will go to hell!" he exclaimed privately. "The Cabinet will go to hell. Judge Bradley will go to hell. The Supreme Court of this District will go to hell. General Crocker will go to hell," and, turning to the death-watcher, "You, too, will go to hell." With each repetition of the word hell he brought his fist violently down on the table, to give it additional emphasis.

This afternoon as Deputy Warden Rush passed the door of the cell, Guiteau said to him in a snarling tone: "If you have anything to do with my hanging you will be damned. You will be held responsible." When Rev. Dr. Hicks visited him this evening Guiteau was in an undemonstrative mood, and in reply to the minister's inquiry said: "My mind is free from all worldly affairs, and I am ready to go. I have no enmity now against any one. The matter is now between the President's conscience and his God. I hope that on Friday there will be no bungling, and that General Crocker will do his work well. Prolongation of my life now will not contribute to my happiness, although it would be for the good of the American people." After some conversation on religious topics, the minister and the condemned knelt together and prayed, the latter being apparently more sincere and devout than at any previous time. As Dr. Hicks was leaving the cell, Guiteau said: "I am counting the hours until I shall be released. I shall have no fear of punishment hereafter, for I feel that the act of which I have been convicted was God's act—that I was God's man, and that I shall be welcomed to paradise." After one o'clock Rev. Dr. Hicks, Guiteau's counsel and John W. Guiteau, paid the prisoner a visit and were cordially received. Counsel asked Guiteau if he wished to prepare his will. "No," he replied; "to-morrow will be time enough. Call around and we will fix it to-morrow morning." Read and Dr. Hicks came out of the cell after a brief conversation, leaving the brothers together. They had a long talk about their boyhood and events of years long gone, and it is said that the prisoner, in speaking of his mother, showed emotion. About 2 o'clock Dr. Hicks returned to the cell and asked Guiteau if his mind was at rest. "Oh yes," he replied, "I have emptied everything out of my mind except the fact that I shall have to go on Friday."

Exact time of the execution is not fixed and will depend to some extent upon the prisoner's condition, and his wishes, not yet known, whether or not he intends to make extended remarks.

Congressional Banquets—They Want to Tolerate the Lion's Tail.

WASHINGTON, June 28.

In the House, Orth, from the Committee on Foreign Affairs, called for further correspondence touching the imprisonment of American citizens abroad, and whether any person holding office under the United States had proposed to any American citizens in British prisons to accept their release upon any conditions. Robinson, being refused permission to speak under operation of the previous question, said he would move to-morrow to impeach Minister Lowell. That was a privileged question, and he had a right to be heard on it. Wilson offered a resolution requesting the President to demand of Great Britain the reasons for the imprisonment of American citizens in Ireland, and if it appears such imprisonment is wrong, and in violation of the rights of American citizens, he is authorized to demand their release.

Robinson was allowed seven minutes, but refused to use them. He said he had documents which should bring the blush of shame to the face of every American. The President had for 100 days been on his knees before Lord Granville, who was spitting in his face, and insulting Americans by refusing to listen to his prayers. There was all kinds of garbage and nonsense sent Granville to tell him the House was not in earnest. Extracts from the New York Tribune, as treasonous as ever spawned from vermin in 78, including Lowell's answer, had been sent to Granville. He despised the committee's milk and water resolution which hadn't courage to discover whether the British lion's tail should be wrenched or the American eagle's neck wrung. Wilson's resolution was adopted, also the committee's.

## Naturalizing Chinamen.

NEW YORK, June 28.  
The Times says: It is remarkable, considering how general has been the debate over the proposition to grant privileges of citizenship to Chinese persons, that some of the courts should illegally attempt to naturalize Chinamen. Two Chinamen were alleged to have been admitted to citizenship yesterday by a Philadelphia court. The original naturalization laws extended only to free white persons. In 1870 it was proposed to strike out the word "white." This was opposed by Congressmen who were not in favor of admitting Chinese to citizenship, and after some debate the naturalization laws were by express terms extended to aliens of African nativity and persons of African descent. In 1875, some further question having arisen, the statute was amended to read as follows: "The provisions of this bill shall apply to aliens being free white persons and to aliens of African descent." Thus the law stands to-day, and as Chinese are not free white persons, or of African nativity or descent, it is clear that all so-called naturalizations issued to them are null and void.

Guiteau's Stalwart Sky Pilot.

WASHINGTON, June 28.

Hicks, the spiritual advisor of Guiteau, turns out to be a political preacher and was chairman of the Florida delegation in the Chicago convention and one of the first southern delegates who came over to Arthur when the Vice-Presidency was being discussed. He is a very great admirer of Arthur and his previous record as a stalwart had doubtless commended him to the prisoner.

## Nominations by the President.

WASHINGTON, June 28.

Among the nominations sent to the Senate by the President to-day were the following: James H. Evans, of Oregon, to be Register of the Land Office at Lake View, Oregon; Samuel L. Lawson, of Illinois, Indian Agent at Mission Agency, California; George A. Johnson, of California, Collector of Customs of the District of San Diego, California.

## The Christianity Divorce Suit.

WASHINGTON, June 28.

The Christianity divorce suit, which has offended the nostrils of the public for a year past, was settled to-day by the withdrawal of Mrs. Christianity's answer to the original bill filed to-day by the ex-Senator. Her counsel has abandoned the case and the ex-Senator will be given a divorce. The evidence has been sadly against the woman.

## Illinois Republican Convention.

SPRINGFIELD, June 29.

Yesterday's Republican Convention was attended by the entire 792 delegates, making the largest Republican Convention ever held in the State. Senator George Hunt was elected temporary Chairman. The usual committees were appointed, and the convention took a recess.

## On Reassembling the convention proceeded to nominate a candidate for

State Treasurer. Gen. J. C. Smith of Chicago, was nominated on the first ballot. For State Superintendent for Schools, Charles W. Scranton of Jefferson county, was nominated on the fourth ballot. Members of the State Central Committee were appointed. The resolutions adopted affirm the principles of the Republican party; in favor of tariff and civil service reform, and express sympathy with laboring men.

## A Temperance Victory.

DES MOINES, Iowa, June 29.

Returns received from 732 townships of this State, including all the larger towns unreported, give the amendment a net majority of 23,005. The State Register estimates that the total majority in the State will be between 40,000 and 45,000. The Temperance State Committee claim 60,000.

## A Bone Breaking Prize Fight.

GREENSBORO, Pa., June 29.

In the Campbell-Walling fight, the former won in 30 rounds; time, 41 minutes. The battle-ground was seven and a half miles from here. Walling broke his right hand in the third round and the little finger of his left hand in the thirty-first.
